best training session I've had throughout my study here.

good course

thank u

Clear objective and goals so course had well defined objectives and goals which helped me understand what i was expected to learn and achieve by the end of the course

The assignments it was very helpful that the course "forced" me to prepare a teaching philosophy statement and a teaching portfolio I also found that the practice teaching session as really helpful.

learning the connections between the learning outcomes, assessments and lecture presentations learning to create a teaching dossier and teaching philosophy statement reading material and resources.

The assignments because they were practical and are useful when applying for jobs

The materials distributed were helpful. This Teaching and training experience will be useful in my work.

In my work i got lots of help

My least favorite parts of the class were the IT-heavy sections. Overall, feel and learned a lot in the course

My least favorite parts of the class were the math-heavy sections.

Overall I feel I learned a lot in the course.

I think the course had a good structure with both practical exercises and theoretical background and good literature.

The course specific talks were extremely helpful.
