### 4.2 Additional Information:

#### About Siddhant Institute of Computer Application Library & Information Center - as a learning resource center

Siddhant Institute of Computer Application Library services are partially offline through library materials are issued by using library card. The librarian handles circulation, Projects reports, students and faculty data. Members of the library to get detailed information about the collection of books, books issued, etc.

#### Library collection:

The library has a total print collection of 5024 books 1391 titles and lots of these with a rich collection of e-resources such as e-journals, and e-books available on the National Digital Library. the library collection is developed by focusing on the user needs and as per the syllabi of the MCA pertaining to the recommendations given by the subject experts and the list of reference books recommended by the University authorities; further for the better circulation of the books the acquisition of 1 copy per 10 students is been done, for the title in heavy demand the purchase ratio is increased which is 1.5 copies per 10 students (10 copies per one division - 60 students).

#### Library Services:

Siddhant Institute of Computer Application Library provides different types of services to patrons like syllabus, question papers, project reports, open access to the stock room, reading hall, and newspaper clipping and The institute has subscribed Print Journals (MAT), E-books.

#### Library Area:

Siddhant Institute of Computer Application library area is 100 sqm which includes a stock room, and National digital library, and a reading room with 50 seating capacity.

#### Library automation-ILMS:5 years developmental stage of koha ILMS

Automation process of the library system initiated way back to 2003 and onwards, a consistent progressive approach toward focusing the user needs has been imbibed and the powerful and facilitative library software's were installed and implemented fully in order to satisfy the users. At present the library is fully Automated (Integration of the automated modules- Siddhant Institute of Computer Application koha OPAC, library acquisition, circulation, borrowers, serials, koha admin, Budget). The below chart highlights the progressive implementation of the LMS in a chronological manner.

#### Library Services:

### Library Activities for Users

1. User Orientation- for the newly enrolled students
2. Database Awareness Program- for the students, faculty & Researchers on periodic basis
3. Celebration of Days- to provide the information about the national, cultural, historical elements , every year the library celebrates the national days. It creates the awareness of the students regarding the work of national freedom fighters and eminent personalities of the nation.
4. Book review /e-book review - conducted for the students to inculcate the reading habit. e-book reviews during the pandemic and post pandemic were conducted through the distribution of ebooks and through the e-presentations
5. Initiatives for building a reading culture
  - a. User orientation- can use library reading room.
  - b. Library at your doorstep- Focused Classroom sessions on reading habits

### Subscription to print and e-resources:

- Following resources in print and electronic format based on Computer and Management science are available in the library
- 5024 books and 10+ core print Journals.
- 200+ project reports.
- Above resources are accessible in a user-friendly manner within the library premise.
- Amount spent on books, and other e-resources and databases in last five years but before 2020-21 students' admission also less and covid-19 also comes then we are not parches Books and E-Resources.
- National digital Library provides remote access to e-resources through NDL webpage with hyperlinks of the free e-resources.

### Per day usage:

- Per day usage of the library by teachers and students.

### Links for Additional Information

#### Library Automation

<https://spoken-tutorial.org/>

#### World eBooks Database -20 lacks full text e-books

**News**

**Welcome to Koha**

Welcome to Koha. Koha is a full-featured open-source ILS. Developed initially in New Zealand by Katipo Communications Ltd and first deployed in January of 2003 for Horowhenua Library Trust, Koha is currently maintained by a team of software providers and library technology staff from around the globe.

Posted on: 10/29/2007 Edit | Delete | New

**What's Next?**

Now that you've installed Koha, what's next? Here are some suggestions.

- Read Koha Documentation
- Read/Write to the Koha Wiki
- Read and Contribute to Discussions
- Report Koha Bugs
- Submit Patches to Koha using Git (Version Control System)
- Chat with Koha users and developers
