REPORT ON CELEBRATING COLLEGE DAYS CELEBRATION 2022-23

Students of Siddhant Institute of Computer Application celebrated the Traditional Day to promote "Unity in diversity" which is based on the concept where the individual or social differences in physical attributes, skin colour, castes, creed, cultural and religious practices, etc. are not looked upon as a conflict. Rather, these differences are looked upon as varieties that enrich the society and the nation as a whole. Traditional Day was held on the 20th of April 2023 at the college. It was an eventful day. It was observed as a celebration of India's diverse culture. It's a day designated for people to come in traditional attire from their home state, or specific culture of their choice.

Event was inaugurated with lamp lightening and Saraswati pooja by Director Mr. Nitin Shirao. This is followed by classical dance performance of ganesh vandana. Director addressed the gathering and explained the richness of Indian culture and traditions.

The celebrations were followed by cultural programmes where the MCA first year students had a blast showing their talents on the stage which included ramp walk, dances and skits. Students were completely in their high traditional competitive spirit. Their inner creativity and potentialities were driven through these traditional competitions. In all, it was a great success and it definitely strengthened the bonds among the students and created respect for ethnic and racial diversity in India. The programme was concluded with vote of thanks and National Anthem of India.

Report on Intercollegiate Competition 2022-23

Siddhant College of Engineering successfully conducted a Inter collegiate 'Quiz' competition in the college on 25 April 2023 at 09.00 am. Rules and regulations of the Competition were explained at the beginning. It was interesting three-round competition, including objective questions with options round, buzzer round and rapid-fire round which engaged the students for one hour. The students showcased their brilliance by rapidly answering the questions.

Though some of the questions were very tricky, the teams tried to answer them with confidence. Although the teams participated actively, the team that scored the most was Siddhant Institute of Computer Application. It was very informative and knowledge enriching competition for the participants along with the audience. The comparing for the event was done by Prof. Nanda Mam. All the faculty members and non-faculty staff members worked efficiently to make the competition a grand success.

Inter collegiate 'Poster Presentation' competition. The objective of the competition was to ignite the fire of imagination and creativity in the students. The theme of the competition was "Digital India". Students were asked to express their ideas through paintings, sketches and many more. Students displayed their artistic skills through an array of posters with immense enthusiasm and made beautiful posters which described how technology can help society in various sectors and also help in rapid economic growth and citizen empowerment across the Globe. All poster's theme describes that how digital technology can empower every citizen with Access to digital services, knowledge and information.

An inter College Cricket Tournament was organized at cricket ground of Main Campus from 24 and 25 April 2023. Along with bookish learning, a student should spare some time for games and sports also. Study or work alone makes us exhaust. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete.

Five teams from the constituted and affiliated colleges took part in this tournament. Siddhant Institute of Computer Application was also the part of tournament. Our team got silver medal in the tournament. Cricket Team of Siddhant College of Engineering got gold Medal in the tournament. Along with students of Siddhant Institute of Computer Application It was proud moment for both the players, coaches and Institution. This was done only because of hardwork & determination & practice of the students.

A REPORT ON "CHHATRAPATI SHIVAJI MAHARAJ JAYANTI 2023"

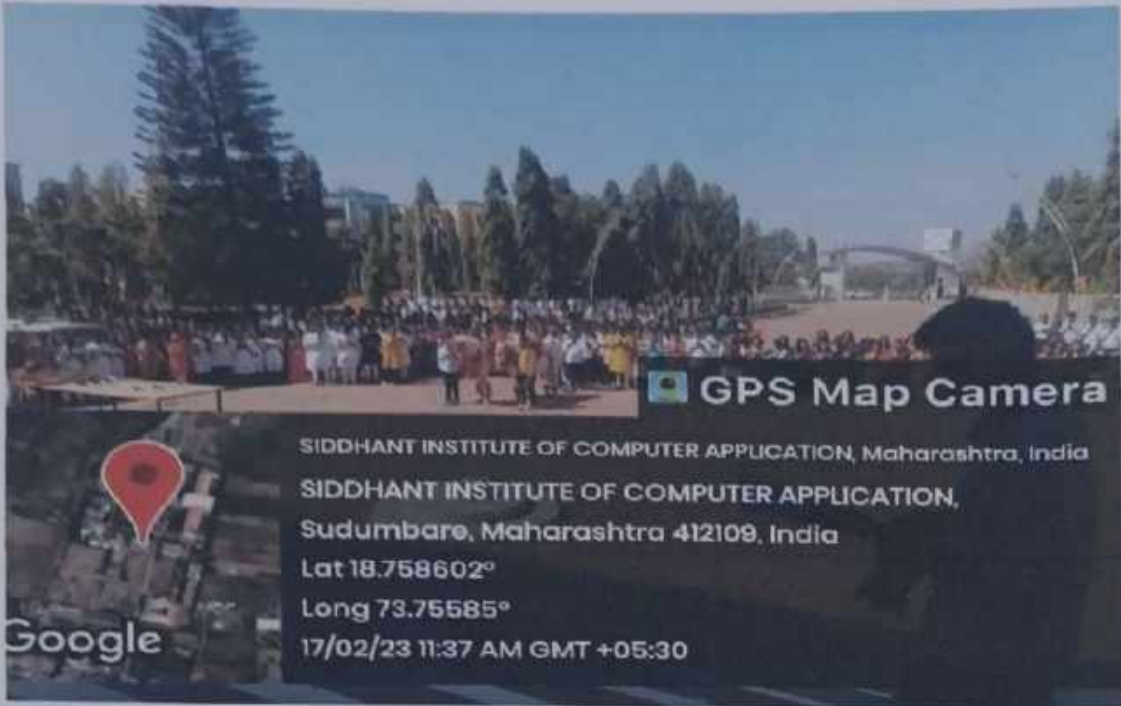

Shiv Jayanti was started by Mahatma Jyotirao Phule in 1870 with the first ever event being held in Pune. Later Bal Gangadhar Tilak revived the image of Shivaji and worked to unite people against the British Raj through Shiv Jayanti.

Born on February 19, 1630 at Shivneri Fort in Pune, Shivaji managed to expand the influence of the Marathas over India through military forces, capturing and building forts and forming the Maratha navy. The warrior-king not only revived ancient Indian traditions and conventions, but also was instrumental in creating a progressive civil rule. He even promoted the usage of Marathi and Sanskrit, rather than Persian language, in court and administration. The date of his birth is celebrated as Shiv Jayanti every year.

Chhatrapati Shivaji Maharaj Jayanti, which is a festival and public holiday of the Indian state of Maharashtra, sees citizens celebrating the birth of the warrior king through various social and cultural programmes as well as through the organization of processions in his honor.
